LET'S GO!

As the new school year begins, we want to extend a warm welcome to you and your preschoolers! We understand that this is an exciting and sometimes emotional time for both children and parents. Starting school is a significant milestone in your child's life, and we are here to support you every step of the way. Our dedicated team of teachers is committed to creating a nurturing and stimulating environment where your child can learn, grow, and develop important social and academic skills. We encourage open communication, so please feel free to share any questions, concerns, or goals you have for your child during this school year. Together, we will make this a positive and enriching experience for your little ones. We look forward to building a strong partnership with you and witnessing the remarkable progress your preschoolers will make.

Preschool Director

Mrs. Davis teaches the MTR 3's class in the Purple Room. She's from Hilliard, Ohio. Graduated from The Ohio State University. Taught preschool in Hilliard and helped start the first Latch Key & all day KDG program for Grandview Schools. She and her husband raised four boys and "they are the best thing that has ever happend to me/us!"

Favorite Snack:
chocolate!

Favorite Color:
pink

Favorite Animal:
lion

If you could travel anywhere in the world, where would you go?

a beach anywhere

What's your favorite pastime?

baking & time with kids/grandkids

2023-2024 teaching staff at The Flower Farm on Chestnut Lane in Ostrander.

TRAINING DAY FOR TEACHERS

A group of dedicated teachers gathered at The Flower Farm on Chestnut Lane for a unique training and bonding experience. Surrounded by vibrant blooms and the soothing fragrance of nature, LEEC teachers embarked on a journey of professional growth and camaraderie the week before classes began. Under the open sky and amidst the colorful petals, these educators shared their knowledge, expertise, and passion for teaching. As they exchanged ideas and teaching strategies, the beauty of the flower farm served as a natural inspiration, reminding them of the growth and potential within each student. The flower farm became not just a place of learning but a symbol of the nurturing environment they aimed to create in their classrooms, where students could blossom and flourish like the flowers that surrounded them on that memorable day.
